## MRS. LINGAFELTER FORGERY TRIAL GOES TO JURY

VERDICT IN CASE EXPECTED AT  
COSHOCOTON EARLY THIS  
EVENING.

## COMPARED WITH MRS. CASSIE

Is Newark Banker's Wife by Lawyer  
in Argument to the Jury This  
Afternoon.

(Bulletin.)  
Coshocoton, Nov. 9.—After a day  
of argument Mrs. J. F. Lingafelter's  
case was given to the jury this after-  
noon, and a verdict is expected be-  
fore night. Judge Campbell delivered  
his charge at 3 o'clock.  
The Lingafelter jury retired at  
3:20 o'clock this afternoon to delib-  
erate upon a verdict.

## PHOTOGRAPHER

Disguised as a Fisherman Got Picture  
of Mrs. Lingafelter in Coshoc-  
ton Friday.

Coshocoton, O., Nov. 9.—A. J. Shep-  
herd, a local photographer, disguised  
as a fisherman, got a picture of Mrs.  
J. F. Lingafelter this afternoon. It is  
the only one ever taken. He snapped  
Mrs. Lingafelter as she passed him in  
the court yard.

## PRINCESS OF FINANCE

Lawyer for State Compared Mrs. Lin-  
gafelter With Cassie Chadwick,  
"Queen of Finance."

(By Frank A. Woolson.)

Coshocoton, Nov. 9.—When court  
convened this morning not a half  
dozen persons were in the court  
room. The defendant in the case was  
not even present. The court's atten-  
tion was called to this fact, and the  
lawyers would not proceed with the  
case until the attorney for the de-  
fense waived Mrs. Lingafelter's pres-  
ence.

Immediately after this waiver was  
secured, the court proceeded to de-  
liver several brief charges to the  
jury on behalf of the state and de-  
fense. These questions upon which  
the jury was charged were concern-  
ing points of law which were brought  
up by the defense.

The real contest in the case and  
around which the whole battle cir-  
cled, was as to the law of the case  
as was set forth in the several re-  
quests to charge made by the state  
and the defense. This matter was  
submitted to the court at 4 o'clock  
yesterday afternoon after the jury  
was excused and after exhaustive  
arguments by Attorneys Fitzgerald and  
Kibler for the state and Jones and  
P. B. Smythe for the defense.

The state asked the court to  
charge the jury that if the defendant  
knowing her son, Robert, committed  
the forgery charged in the indict-  
ment, at any time thereafter, did any  
act, which tended to and which did  
operate to conceal the crime and hin-  
der the detection or apprehension of  
Robert C. Lingafelter, or his punish-  
ment, that she would be guilty of  
aiding and abetting the commission  
of the crime, and would be liable as  
a principal offender in the indictment  
in the case.

The defense contended that that  
was not the law, but that unless the  
evidence showed that previous to the  
commitment of the forgery by Robert  
Lingafelter, there was some  
agreement, understanding or ar-  
rangement between the defendant  
and Robert C. Lingafelter, that the  
forgery charged in the indictment,  
should be committed and that the  
subsequent acts of the defendant in  
relation thereto, were in relation to  
and grew out of said previous ar-  
rangement or understanding, the de-  
fendant could not be convicted.

The court took the matter under  
advisement until this morning and  
in charging the jury before argument  
as requested by the state and refused  
to charge the law to be as claimed by  
the defense.

Attorney Edward Kibler opened  
the argument for the state today. He  
started at 8:10 and talked for an  
hour. His address was masterful  
and all his points were well brought  
out. He called the attention of the  
jury to the fact that one of the en-  
tries on the stub of the stock certifi-  
cate was made three days before the  
order for the money was drawn. This  
entry was in Mrs. Lingafelter's hand  
writing, and the order was drawn by  
Robert. This was to prove to the  
jury that she knew of the intention  
on the part of Robert to commit the  
forgery.

After Mr. Kibler had finished, At-

torney J. D. Jones made the first  
argument for the defense. His address  
was full of pathos and brought tears  
to the eyes of the defendant and  
other women in the court room. He  
referred pathetically to the pride the  
mother must have had for her son  
who, at the time of the alleged for-  
gery was just coming into manhood.  
His speech was interrupted for a few  
moments by the court for a short re-  
cess.

Attorney W. R. Pomerine, of the  
firm of Pomerine & Pomerine, one of  
Coshocoton's brightest lawyers, talked  
for a half hour for the state. Mr.  
Pomerine is one of Coshocoton coun-  
ty's most eloquent lawyers, and his  
address was, in the common term of  
the day, "Great."

Attorney Pomerine in his argu-  
ment drew comparisons between the  
case of Cassie L. Chadwick whom he  
termed as the queen of finance of  
northern Ohio, and Mrs. Lingafelter  
the princess of central Ohio. Mr.  
Pomerine said he had more respect  
for Mrs. Chadwick, who confined her  
stealings to the rich, than he had for  
the princess who stole from the poor.  
He urged the jury not to be influ-  
enced by a feeling of pity for the de-  
fendant, but to give her justice.

Mr. Phil B. Smythe talked to the  
jury for an hour, continuing his talk  
during the opening few moments of  
this afternoon's session. Mr. Smythe  
has always been regarded as a good  
speaker by the frequenters of the  
Licking county courts and his ad-  
dress here was no exception to the  
rule.

Prosecutor Fitzgerald closed the  
argument before the jury. He talked  
for an hour and his familiarity with  
the details of the case resulting from  
having gone over the testimony, books  
and papers so often, made it possible  
for him to deliver to the jury an ar-  
gument, which in itself was clear and  
forcible.

After a brief intermission the court  
commenced his charge to the jury.

## CLOSING SCENES

In Trial of Mrs. James F. Lingafelter  
at Coshocoton—Argument of  
Case Friday.

(By Staff Correspondent.)  
Coshocoton, O., Nov. 9.—"Witnesses  
for the defense will stand up as their  
names are called, and be sworn,"  
said the clerk Thursday afternoon af-  
ter the state had rested its case in  
the trial of Mary J. Lingafelter.

"Hold on a minute," interrupted  
Judge J. D. Jones. "We want to ex-  
amine Mr. Webb first."

Mr. Webb took the stand and an-  
swered a few seemingly unimportant  
questions.

"Have Mr. Webster take the stand,"  
continued Judge Jones. A few ques-  
tions similar to those asked Mr.  
Webb, were put to the Cleveland ac-  
countant, and he was excused.

"Please swear George W. Mar-  
shall." The Columbus attorney was  
sworn and a few questions were asked  
him and the taking of the testi-  
mony in the Mary J. Lingafelter  
trial came to an abrupt end when  
Attorney Jones said:

"We rest."

Spectators and attorneys in the  
court room gasped. It was a big  
surprise as everyone thought that the  
defense would take testimony of wit-  
ness after witness in an effort to get  
a verdict of acquittal for their  
client.

The testimony of Mr. Webb, Mr.  
Webber and Mr. Marshall seemed to  
have little or no bearing upon the  
case. Both Mr. Webb and Mr. Web-  
ber testified with reference to the en-  
tries in the individual ledger. Both  
witnesses testified that entries made  
therein, and referred to by the coun-  
sel were in the handwriting of Rob-  
ert C. Lingafelter. This was to show  
that the entries made in the day or  
counter book and those in the ledger  
were made by different persons at  
different times.

George W. Marshall, the Columbus  
attorney, who was called, was at one  
time a deputy inspector in the de-  
partment of building and loan asso-  
ciations of the State of Ohio. He  
stated that he instructed two ex-  
pert accountants from the office of  
the bureau, to conduct an examina-  
tion of the Homestead Building and  
Savings company at Newark. They  
made a report to the office and Mr.  
Marshall produced the report which  
was offered in evidence. The defense  
made an effort to introduce extracts  
from this report but the state ob-  
jected on the grounds that the re-  
port, which had been admitted as evi-  
dence would be in the hands of the  
jury and that this is all that was  
necessary.

## WHERE MRS. JAMES F. LINGAFELTER IS ON TRIAL.

Coshocoton county court house, where Mrs. Jas. F. Lingafelter of Newark, is on trial for forgery. The case opened Wednesday morning, the state rested on Thursday afternoon, and the defense after occupying 15 minutes in examining three witnesses decided to submit the case. Arguments were commenced Friday morning and a verdict is expected before night.

## BLACK HAND IS REVEALED

It Strikes Terror to the Hearts of  
Italians in Columbus.

## RESULT OF ROW IN A SALOON

Raid of Police Leads to Discovery  
That the Place Was Headquarters  
For a Mafia Society—One of  
the Men Arrested Tells Startling Story  
of Cruelties by His Countrymen.

Columbus, O., Nov. 9.—A "Black  
Hand" society among Italians here  
was disclosed by a raid made by the  
police on an Italian saloon in which  
there was an unusual din. Hearing  
the disturbance the police investigat-  
ed the cause of it and arrested Joe  
Esposito, James Ross and Leo Lam-  
bardo, the latter being held as a wit-  
ness and the others for investigation.

At police headquarters Lombardo,  
through an interpreter, said he was  
captured by Esposito and Ross and  
hustled into the saloon, where his  
money was demanded under threat  
of being killed. He had \$10.50, for  
which he had labored, and he refused  
to give it up. In the name of the  
"Black Hand society" he was locked  
up in a room and held all night. Next  
morning the two "Mafia" members  
entered the room and after locking  
the door behind them, proceeded to  
beat Lombardo. They demanded \$5  
contribution toward the "society,"  
and this the prisoner refused to give  
them. Lombardo tried to escape  
which caused the general fight that  
attracted the police and led to the  
arrests. Lombardo says that for  
many months hard-working Italians  
have been taken into the saloon, some-  
times by force, and after being beaten  
were robbed of their money, none  
daring to inform the police of the  
trouble through fear of death at the  
hands of the society.

The authorities propose to rid the  
city of "Mafia" members, or at least  
those Italians who loaf about and ex-  
tort money from fellow countrymen  
in the name of the "Black Hand," by  
putting the saloon where the row oc-  
curred out of business and arresting  
all suspicious characters found about  
places of that character.

## HALF DOLLARS

Made By an Ohio Man Circulated in  
Chicago and Milwaukee.

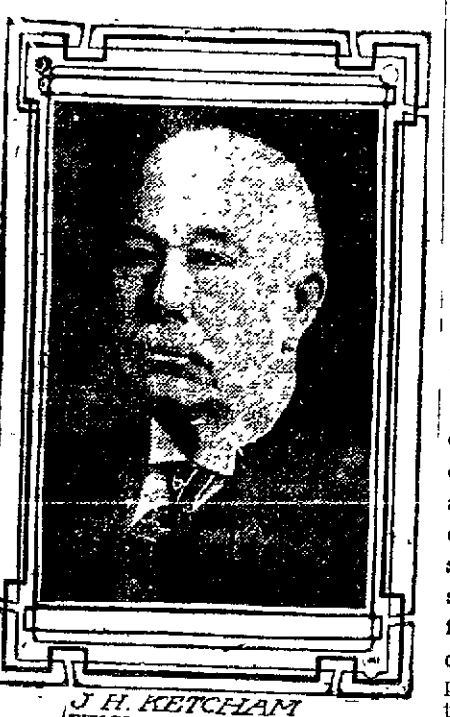

Milwaukee, Wis., Nov. 9.—George  
Howard, a counterfeiter who first told  
the police his name was George Coin,  
was arrested here. His whole outfit  
of tools and a large number of spuri-  
ous half dollars were seized. He ad-  
mitted that he was arrested three  
years ago in Chicago for counterfeit-  
ing and was sentenced to two years  
imprisonment at Joliet. He said he  
made 50-cent pieces exclusively be-  
cause they passed with difficulty.  
He said he passed probably 5000 of  
them in Chicago. Howard originally  
came from Ohio.

## OHLEGER GOES TO CLEVELAND.

Columbus, Nov. 9.—From a prison  
cell to room in a fine hotel within a  
few hours proved an interesting inci-  
dent today in the life of L. P. Ohliger,  
former congressman, who is serving  
seven years in the penitentiary for  
wrecking the Wooster National bank.  
He went to Cleveland to testify next  
Monday in the United States court  
trial of J. R. Zimmerman, who fled  
with him to Canada and who is said  
to have been implicated in the Woo-  
ster bank wreck. Ohliger will be at-  
tended constantly by a guard.

## JOHN H. KETCHAM'S CAREER IS ENDED

New York, Nov. 9.—By the death of  
Representative John Henry Ketcham,  
74, of Dover Plains, Dutchess county,  
in St. Elizabeth's Hospital, in West  
Fifty-first street, this city, a vacancy  
is created on the Republican Congres-  
sional ticket in the Twenty-first New  
York district, embracing Dutchess.

Putnam, Columbia and Greene coun-  
ties, which Mr. Ketcham represented  
almost continuously since 1865.  
Paralysis was the cause of Mr.  
Ketcham's death. He entered the  
hospital last July after suffering a  
third stroke. In the last Presidential  
campaign he was elected without op-  
position, so well was he thought of  
in his home district.

Next to Senator Allison Representa-  
tive Ketcham had been regarded as  
the veteran of Congress for continu-  
ous service.

## POPE PIUS SLOWLY WASTING AWAY

Rome, Nov. 9.—Unable to stand  
the confinement of the Vatican, Pope  
Pius is slowly wasting away. This  
was the opinion expressed today by  
Dr. Lippmann, a correspondent in  
the official announcement  
made regarding the pope's health.  
"His Holiness' condition is only rel-  
atively satisfactory," said Dr. Lip-  
pmann. "He is not only harassed by  
grief, but is also suffering through  
living in the confined atmosphere of  
the Vatican. My belief is the pope  
will die in a few days unable to re-  
sist custom itself to its rage."

## PREACHER'S PAROLE.

Injured Husband Asks Governor to  
Grant the Clemency.  
Indianapolis, Nov. 9.—William E.  
Hinschaw, Methodist minister, con-  
victed and sentenced to prison for  
murder in 1905, and paroled condition-  
ally in 1906, was arrested at Win-  
chester on orders issued by Governor  
Hanley, and was brought to the go-  
vernor's office to show cause why he  
should not be returned to prison. The  
complaint, supported by affidavits,  
was made to the governor by George  
R. Freeman, sheriff-elect of Wabash  
county, the Hinschaw and Freeman's  
wife have been guilty of improper con-  
duct since his release from prison.

ture and former probate judge of Ma-

## CUBANS ITCH FOR OFFICES

Liberals Want In Since Revolution  
Overthrew Palma.

## MOTIVE OF THEIR OPPOSITION

They Were Willing to Sacrifice Their  
Independence to Get the Jobs Con-  
trolled by the Moderates and are  
Displeased Because Magoon Does  
Not Pass Around the Plums.

Havana, Nov. 9.—Since the revolu-  
tion succeeded in the overthrow of  
President Palma, the Liberals, who  
were the backbone of the opposition  
to the Palma regime, are beginning to  
betray their itch for office.

Up to the present the Liberal lead-  
ers protested that they did not seek  
office and were entirely willing to  
abide by the selections made by Gov-  
ernor Magoon. But the growing dis-  
satisfaction among Liberals in con-  
sequence of the failure of their ef-  
forts to induce Governor Magoon to  
dismiss Moderates from important  
positions in the insular administra-  
tion, replacing them with Liberals,  
crystallized at a secret meeting of  
the Liberal committee on appoint-  
ments. There were present Pino  
Guerra, Alfredo Zayas, Jose Manuel  
Gomez, Jose J. Monteagudo, General  
Castillo, Rafael Duany and represen-  
tatives from all the provinces. Special  
objection was made to the reap-  
pointment of a police captain named  
Reguera, a Moderate, who was rein-  
stated in office, and to the appoint-  
ments of various minor officials in the  
custom house. The reappointment of  
Reguera was particularly obnoxious to  
the Liberals.

Hitherto Governor Magoon has  
shown no haste in making appoint-  
ments, filling only such as seemed  
particularly necessary. It has been  
expected for some time that the pa-  
tience of the Liberals soon would be  
exhausted if they were not given of-  
fice, and that steps would be taken  
to bring pressure to bear on the gov-  
ernor Magoon. The meeting last  
night was a result of pressure brought  
to bear by applicants for office, and  
it was decided to appoint a commit-  
tee to call on the governor, express  
the party's dissatisfaction with re-  
cent appointments and make a strong  
appeal for the recognition of Liberals  
to various important posts.

## PRESIDENT ON ISTHMUS 4 DAYS

ROOSEVELT PARTY WILL AR-  
RIVE AT COLON THURSDAY  
OF NEXT WEEK.

Scheduled to Reach San Juan, Porto  
Rico on November 22—Now  
on the Ocean.

Washington, Nov. 9.—The navy de-  
partment this afternoon received a  
wireless from Captain Cowden, an-  
nouncing that the Louisiana, which is  
carrying the President to Panama,  
sailed from Piney Point about 11 last  
night and was near Cape Henry at 5  
a. m. today.  
Norfolk, Va., Nov. 9.—The battle-  
ship Louisiana carrying President  
Roosevelt to Panama, passed out Vir-

ginia Capes at 6:40 this morning ac-  
companied by the cruisers Tennessee  
and Washington. After getting some  
distance to sea the Louisiana raised  
signals, but these could not be un-  
derstood because of the dense  
smoke from the battleships and fog  
on the water.

Washington, Nov. 9.—The presi-  
dent is on his way to Panama. He  
will spend four days on the isthmus.  
He will arrive at Colon Thursday, No-  
vember 15, where he is to be greeted  
by President Amador of Panama, and  
officials of the canal commission. A  
considerable portion of that day will  
be spent at LaBoca and Ancon, the  
train making a slow run across the  
isthmus in order to give an opportu-  
nity to see the sights and make an  
examination of the work. At LaBoca  
there is to be an inspection of the  
present terminals of the old French  
canal and the Panama railroad, fol-  
lowing which there will be a trip to  
nearby islands, where the president  
is to be shown the proposed Pacific  
end of the canal in deep water and  
its approaches. In the afternoon  
there is to be a sight-seeing trip  
around Ancon hill. The president and  
party are to be driven in carriages  
through the principal streets, accom-  
panied by an escort on horseback. In  
the evening the president and others  
are expected to dine with President  
Amador. This will probably be the  
only time on the isthmus when the  
president will leave the jurisdiction  
of the United States. The program  
for Friday and Saturday contem-  
plated a visit and inspection of all points  
of interest on the isthmus, including the  
Culebra cut, the site of the proposed  
dam and locks at Gatun and the pre-  
sent and proposed terminals of the rail-  
road and canal at Cristobal. Sunday  
will be spent quietly on the isthmus  
and in the evening the party will  
board the Louisiana for San Juan,  
Porto Rico, where the vessel is sched-  
uled to arrive November 22.

## DAY'S BUSINESS IN COURT HOUSE

MRS. WERTZ MURDER RECALL-  
ED BY SUIT PENDING IN  
COMMON PLEAS.

Hall Divorce Granted Friday—Realty  
Transfers—Other Notes from  
Temple of Justice.

In the case of Rosa Bevard against  
Jackson Wertz, and others the defend-  
ant, Jackson Wertz, has filed a motion  
asking that the court strike from the  
files a paper purporting to be plain-  
tiff's amendment to her original peti-  
tion, filed on June 27, 1905.

After the original petition was filed  
C. E. Hoover, administrator, made a  
party to the petition with leave to file  
answer and cross-petition. He set up  
that the estate was largely in debt and  
that it would need \$2,000 to pay the  
debts, and on that ground the court  
found that he was entitled to sell the  
real estate and pay the debts. All the  
land of Frances Wertz was sold, and  
this motion maintains that that suit  
was thereby judicially determined and  
that there is nothing in the case to  
amend. The claim that Jackson Wertz  
had received \$500 advancement will  
have to be set up in a separate suit  
against Jackson Wertz, and the motion  
further asks the court to require Rosa  
Bevard to make this amendment more  
definite by stating when any money  
was given to Jackson Wertz by his  
mother, that it was given with the  
intention of both of them that it should  
be an advancement. It is the claim  
of Jackson Wertz that an advancement  
could not exist unless both parties un-  
derstood it to be an advancement at  
the time the money was passed.

Mrs. Wertz was the wife of James  
Wertz, and was on the night of last  
day of May, 1905, murdered at her  
home in McKean township. J. B. Jones  
attorney for plaintiff.

## Demurrer to Petition.

In the case of Willis L. Oden vs.  
The Newark Real Estate and Im-  
provement company, the City of New-  
ark, O., and John Hymell, the New-  
ark Real Estate and Improvement  
company has filed a demurrer to the  
petition of the plaintiff. He demurs:  
First, because of misjoined of  
parties, defendant.

Second, because the petition does  
not state facts sufficient to constitu-  
te cause of action against the defend-  
ant.

## TRAIN ROBBER GOT ONLY \$70 FOR HIS TROUBLE

ROCK ISLAND LIMITED BOARDED  
BY BANDIT IN OLD FASH-  
IONED STYLE.

## LIKE JAMES BOYS ONCE DID

In Too Great a Hurry to Take Jew-  
elry, He Was Satisfied With a  
Little Cash.

Slater, Mo., Nov. 9.—In real old  
fashioned style, a lone, small steam  
train robber went through a Chicago  
& Alton, Kansas City-Chicago fast  
train No. 144, last midnight near  
here. The fellow worked through the  
cars, awakening the sleepers in  
Blue Cut, the celebrated ditch made  
famous by the operations of the  
James boys. From probably two  
dozen passengers he got only about  
\$60, for he worked rapidly and took  
what was offered to him from trem-  
bling, but saving, travelers. He took  
little jewelry, being in too great a  
hurry to complete his job and leave  
the car. Conductor Joseph Smalley  
says the thief left the train on the  
outskirts of Mexico, making a flying  
leap in the dark. Smalley stopped  
the train immediately and the train  
backed to where he left it, but no  
trace of the thief was found.

Descriptions of him were wired at  
once from Mexico to a dozen sur-  
rounding towns and his escape will  
be difficult.

Kansas City, Mo., Nov. 9.—Supt.  
Corbett of the Chicago and Alton to-  
day states that the train held up was  
the Rock Island Golden State Limited  
operated by the Chicago and Alton  
over the Alton tracks. The lone rob-  
ber climbed on the rear end of the  
last sleeper at Slater and covered the  
Pullman conductor and porter. He  
made them go through the car and  
wake up the passengers, who were  
forced to hand over their money. The  
Pullman men were then forced to  
open the front door and rear door in-  
to the Pullman preceding. As the  
conductor and porter went in the for-  
ward door they slammed the door  
closed and the spring lock snapped  
in the vestibule and was forced to  
pull the bell cord stopping the train  
near Glasgow. The bandit was on the  
train about 20 minutes. Chicago &  
Alton special men are working on the  
case in addition to the local authori-  
ties. The robber secured less than  
\$70 according to the Chicago & Alton  
advice.

## ENGINEER CARLIN KILLED TODAY

JUMPED BUT STRUCK CAR AND  
WAS THROWN BACK UPON  
THE TRACK.

Cylinder Passed Over Victim's Head.  
Engines Badly Damaged—The  
Track Torn Up.

Blanchester, O., Nov. 9.—Tom Car-  
lin, a B. & O. engineer, was instant-  
ly killed here this morning. Carlin  
was making up his train when an ex-  
tra train ran into an open switch  
ahead of him. He ordered his fire-  
man to jump, and he did so himself.  
He struck a box car and was thrown  
to the ground almost under the  
wheels of his train. When the en-  
gines struck Carlin's engine was  
thrown back 30 feet and the cylinder  
passed over his head crushing his  
skull. Both engines were badly dam-  
aged and the track torn up for 50  
feet.

## MRS. LONGWORTH

Charged With Republican Losses in  
Indiana—Representative Fred  
Landis is Defeated.

Washington, Nov. 9.—Mrs. Alice  
Roosevelt Longworth is charged with  
being responsible in part for the de-  
feat of Representative Frederick  
Landis in the Eleventh Indiana con-  
gressional district.  
The Longworths made a tour of  
the Landis district, and receptions  
were given them in Marion and Logansport.  
The wives of some of the influ-  
ential politicians were left out of  
the reception committees and trouble  
began at once.  
Landis' opponents after the Long-  
worths' visit, began denouncing it as a  
"pink tea" and enrolling on their  
side the aggrieved members of soci-  
ety who were not on the Longworth  
committees. The Hoosiers declined  
to have their politics turned into a  
social function and defeated Landis  
by about 2000 in a district which in  
1904 and 1900 Republican plurality,

# CITY COUNCIL HOLDS MEETING

RESOLUTIONS AND ORDINANCES ARE GIVEN FIRST AND SECOND READINGS.

Measure to Issue Bonds for Purchase of Hospital Site Given Its Second Reading Thursday.

An adjourned meeting of the City Council held Thursday night a number of resolutions and ordinances were given their first and second readings, but none was adopted. Possibly the most important considered at the meeting was an ordinance introduced by Councilman Beadle and given its first reading, authorizing the board of public service to contract with the state board of public works with reference to filling the canal at the crossings of Webb, Morris, First, Second, Third, Fourth, Fifth and Sixth streets.

Among other ordinances and resolutions were the following: First reading of an ordinance by Mr. Beadle to prevent the placing of building material in the streets without the permission of the board of public safety, and that no permits shall be granted by the board unless the builders agree to furnish bond in the sum of \$2000 to insure the city against any damage, and that they further agree not to use more than one-third of the street immediately in front of the building property.

An ordinance by Mr. Beadle to issue bonds for \$530 to complete side walks on North Gay street between Indiana and Clarendon streets.

Mr. Beadle's ordinance for \$15,000 bond issue to procure real estate for a site for a city hospital was given its second reading.

Mr. Conrad's bond ordinance for the additional \$280,000 for the water works was given its second reading.

Resolutions by Mr. King were read providing for a sidewalk on Tenth street from Hoover to Granville, on the west side of the street, and for sidewalk on the north side of Hoover street from the west side of Eddy to the west side of Woods avenue.

The mayor's report was given, showing that \$318.60 had been collected in fines and licenses for the month of October.

# WHAT'S DOING IN RAILWAY CIRCLES

FIVE BIG BROTHERHOODS PRESENT GRIEVANCES TO HOOK-ING VALLEY CO.

Railroads Indicted in West—Wages Increased—B. & O. Schedule. Dining Car Training.

Columbus, O., Nov. 9.—Representatives of the five big brotherhoods, in behalf of the employees of the Hooking Valley railway company, presented grievances to the officials of that system, among which are demands for higher wages and shorter hours. A general grievance committee, selected by the engineers, firemen, conductors, trainmen and switchmen, called on Superintendent Quigley at the general offices and formally presented their demands. Mr. Quigley referred the matter to the higher officials of the company, who will take it under consideration. The demands are far-reaching in that they are made by practically all employees of the system in the service. At the general offices of the company in Columbus it was stated that the demands of the general committee of employees are being considered and every concession possible for the betterment of the service would be made. The committee demanded an answer from the company by December 3.

**Railroads Indicted**  
Minneapolis, Minn., Nov. 9.—Indictments have been returned by the special federal grand jury, which convened in Minneapolis Oct. 22 to investigate alleged freight rebates. In the case of the railroads the indictments contained 147 counts. The minimum penalty for conviction in each case is \$1,000 and the maximum \$2000. List of indictments: Great Northern Railway company, six indictments; five officials: Chicago, St. Paul, Minneapolis and Omaha railroad, three officials: Wisconsin Central railway, two officials; Minneapolis and St. Louis, two officials; W. P. Devereaux company, McCaul Dining more company, D. F. DeWolf, Ames Brooks company, Duluth.

**Meeting of Managers.**  
General managers of most of the railroads in the country are attending a special meeting of the American Railway Association, which is being held in Chicago today for the purpose of taking action on the proposed increase in the per diem car service charges. Officials of nearly all the big systems are in favor of raising the per diem charge from 25 cents to 75 cents, or even \$1 as they declare that to be the most feasible method of remedying the present car shortage. Many of the smaller roads, which own comparatively few cars, are making a hard fight against the proposed increase.

**Advance in Wages.**  
Unless the policy of the B. & O. in advancing the wages of its employees is changed this year the employees will not receive a general increase. When the company was controlled by the Pennsylvania the average wages paid the employees of the B. & O. was about equal with those of the former company, the increase and decrease being dictated by President Cassatt. This year the B. & O. has adopted a system of its own in advancing the wages of its employees and it is estimated that fully one-half of the men employed by that company have received a substantial increase during the past six months. This plan has been carried out chiefly in the operating department and it is believed that if the company does agree to make further advances it will affect only the trainmen and those employed in the transportation department.

**B. & O. Schedule.**  
Announcement was made yesterday that the fall passenger schedule on the Baltimore and Ohio will become effective on Sunday, November 23, instead of November 18, as originally announced.

**About 125,000 Affected.**  
The board of directors of the Pennsylvania Railway at a meeting held in Philadelphia ordered an advance of ten per cent in the wages of all employees receiving less than \$900 a month. The increase goes into effect on December 1. About 125,000 are affected by the advance.

**Dining Car Conductors.**  
The Pennsylvania has decided to establish a training school at Columbus at which employees will be trained for the position of dining car conductor. The new school will be under the direction of E. W. Westlake. Applicants will be required to qualify as to deportment and conduct, as well as to comply with several characteristics that are deemed necessary to make efficient conductors for this service.

**Catarrh of the Stomach**  
A Pleasant Simple, But Safe and Effective Cure For It.

**COSTS NOTHING TO TRY.**  
Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, a feeble appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a shiny, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlaumont, the safest and best treatment is to use after each meal a tablet, composed of Dinstase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. R. S. Workman, Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the lining backward into the throat reaches poisonous discharge through passageway of the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion. ## Trust Majority Cut In Twain.

In the great campaign just ended for the election of Congressmen, there is no disguising the fact that the real conflict of interests was between the people and the trusts. But the Republican campaign managers succeeded in beclouding the issue to a great extent by various shams and hypocritical devices. They fooled part of the people by these methods, but it was really the lavish use of corporation campaign funds in all the contested States outside of New York that saved the trusts from overwhelming defeat.

In the latter State the startling exposures in the investigations of the big life insurance companies made the practice of corporations putting up campaign funds so odious that a law was enacted by the legislature prohibiting political contributions by corporations, in compliance with the demands of the outraged public. But the failure to pass the bill for the same purpose by the last Congress permitted the practice in the other States, and the trusts put up enormous sums for the election of the candidates who were their friends and supporters. Had it not been for the use of this vast corruption fund the 17th Congressional district would have given its normal Democratic majority instead of a few hundred, and Ohio would have had at least three more Democratic Congressmen.

But that the trust victory has been dearly bought is well known by seriously thinking people. And after the cloud of battle is cleared away it will be found that this costly victory of the trusts is not so overwhelming as it was at first heralded over the country. The Republican majority of 114 in the present Congress is cut in twain.

The gain of between 50 and 60 Democratic members of Congress means that many more votes in the next House for President Roosevelt's reforms, if he continues to advocate them.

It is manifest the next Russian Guma will not represent the people, but be, what it was originally designed to be, a pretense of popular participation in the government. The senate, which is the Russian system of courts, has declared disqualified large sections of the voters, who are the real middle class of the country and the most solid basis for any experiment in constitutional government. In fact, the revolution seems to have ended for a time, and nothing will be heard until some new revolution stirs a larger section of the population, except the sporadic bursting of bombs by the professional assassin.

A lot of stock arguments for campaign purposes has been carefully wrapped up and laid away for future use at Republican machine headquarters in Columbus. But will they keep?

North Dakota has elected a Democratic governor, though the Republican presidential majority was 38,000. Now there was a congressional election also pending in the State, and hence we are forced to conclude that somebody was rebuked, or prosperity received a vicious whack, or the Dingley tariff bill was not properly supported with the honesty which should prevail among its friends. On the contrary, it may be better to ascribe this Democratic

cratic victory as due to sun-spots, or local conditions, or disaffection within the ranks, or purely factional troubles, or any other poetic imagery, except the fact that the people decided that the Republican bunch had been played to the limit.

"Judge" Sauters of New Philadelphia, will continue to take his pencil with him to his precinct on election day and check off the voters on the Republican poll list. That the people were intelligent enough to know that they did not want a man of the calibre of Sauters for circuit judge is shown by the size of the majority for Judge Donahue. And the people are to be congratulated.

## AN OPEN LETTER

To the People of Newark.  
To Whom It May Concern:  
Of late there has been a good deal of discussion in Newark in regard to advertised medicines and their value—the papers are full of them.

We want to say to every man, woman and child in Newark that we believe the most valuable preparation of cod liver oil—the best tonic reconstructer, health restorer and strength creator—we have ever sold in our store is Vinol.

Vinol is not a patent medicine, it contains no injurious drugs, but it actually does contain all of the medicinal, curative elements taken from fresh cod's livers, without a drop of the useless oil to upset the stomach and retard its work, and tonic iron added.

Vinol is recognized throughout the world as the greatest strength creator for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis, and all throat and lung troubles. We ask the people of Newark to try Vinol on our offer to return money if it fails.

Note—While we are sole agents for Vinol in Newark, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

## AMUSEMENTS

### AUDITORIUM TONIGHT.

Robert M. Baker, the author of "Captain Careless," is not a novice at this particular line of work, as for several years in collaboration with R. A. Barnett of Boston, he has been partially responsible for all of the musical extravaganzas produced by that famous amateur organization the Boston Cadets, all of which met with tremendous success and usually afterward found their way to the professional stage through the medium of Klaw & Erlanger or Edward E. Rice. Among the more successful may be named "1492," "Jack and the Beanstalk," "Little Christopher," "Excelsior," "Miss Simplicity," and "Miss Pocahontas," produced by the Cadets in Boston last season, and to be adopted for the professional stage and presented in New York soon by the Interstate Amusement Co., of which Klaw & Erlanger and B. C. Whitney are heavy stockholders. "Captain Careless," to be presented here at the Auditorium tonight is said to excel all of Mr. Baker's former efforts.

### ORPHIUM THEATER.

Do not miss attending the Orphium theater this evening as in addition to the regular vaudeville performance, there will be an amateur contest between several of Newark amateurs, when prizes will be awarded. ## COULD WE LIVE 100 YEARS

The Secret of Long Life is Not in How We Eat, But in What We Eat.

Most people wouldn't want to exist for that length of time, but most of us want to live, to, say at least seventy-five years, to enjoy the well-earned rest of toil.

We can't live even to that age unless we take care of our stomachs. The American has a longer life now than he had 50 years ago—statistics say so, and it must be true.

Why is it? Not because he works harder, but because he takes greater care of his machine—his body machine.

He has learned that it is a sin to overwork and burn out the stomach with too much heat producing material—meat, for instance.

Heat is not strength, it is weakness. Muscle and bone is the strength we need. The heat part will then come naturally and never be excess. Let us not hunt for it.

The hot stomach makes the brain hot.

What! The purest wheat, the wheat with the starch, the albumen and the fibrin! This is the fighting material millions are buying today.

What grains have a shell. The shell is not good to eat. You cannot digest it.

It makes the stomach work overtime.

Buy the purified wheat, the pearly grain from which the chaff, the hull and the husk, and everything not rich and delicious is thrown out.

That is Hardyfood.

Every part of it is consumed by the body and taken into the blood to make tissue.

It doesn't make clinkers but it will make you over.

It will give you a new stomach, and clear out your kidneys. What will be the result? You will have better digestion, no constipation, full nutrition.

You will endure hardship better because it will give you power and strength in muscle and brain force.

Your mind will be clear, active and healthy.

Hardyfood is cooked ready to serve.

Eat it with cream, you will find it delicious.

The stomach grabs at it, that is why it satisfies you.

Remember that Hardyfood has all the good that meat has, and three times more.

Meat has a small part of what wheat has, and three times less.

But you needn't stop eating meat altogether. A little now and then is needful. But cut down your allowance and try Hardyfood.

From the time you try your first package of Hardyfood, your history will begin.

Your grocer will sell you a package for 10 cents.

### EUROPE AGREES

To Amortization Plan For Settling Debts of San Domingo.

Washington, Nov. 9.—Professor J. H. Hollander of Johns Hopkins university, who was employed by the state department as a special agent in connection with the settlement of questions pertaining to the foreign indebtedness of Santo Domingo, arrived in Washington from Europe and had a conference with the assistant secretary of state, Robert Bacon, respecting his work. He endeavored to secure the assent of European holders of Dominican securities to the plan to amortize the Dominican debts, which was made the subject of a special agreement between the American bondholders and financiers and Senator Velasquez, the Dominican secretary of treasury. It is understood that Professor Hollander was able to report a successful conclusion of his mission. It is expected that when congress convenes the administration will make a strong effort to secure speedy ratification of the Dominican treaty, on which the consummation of Professor Hollander's work depends.

Washington, Nov. 9.—The measure introduced at the last session of Congress known as the Pearre anti-injunction bill was the subject of a conference yesterday between President Roosevelt and Samuel Gompers and several other representatives of the American Federation of Labor.

The Pearre bill has the indorsement of the Federation, whose representatives are anxious that some recommendations along its lines shall be made by the President in his annual message to Congress.

The President promises the committee to delegate for officials identified with the legal work of the government service to meet a similar number of labor representatives with their attorney to go over the whole matter and to present their conclusions to him. The President, Mr. Gompers said, did not define his attitude nor commit himself on the subject matter of the Pearre bill, but expressed himself as determined that absolute justice should be done.

Questions affecting the application of the eight hour law to labor on the Panama canal and its general administration in government work in the United States, together with others affecting labor matters, which the Federation is anxious the President shall consider in his message to Congress, were talked over. With Mr. Gompers were Frank Morrison, the secretary of the Federation, and Jas. O'Connell of the International Association of Machinists.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

### CHILD AT BRANDON THRUSTS A PITCHFORK BY ACCIDENT IN BROTHER'S EYE.

Utica, Nov. 9.—(Our Christmas, son of Mr. and Mrs. Walter Christian, aged six years, had his right eye destroyed Thursday with a pitchfork by his sister. The children were playing about the stable and the girl had gone into the haymow to throw down some hay. Not knowing that her brother was beneath the hole where the hay is thrown down, she rummaged the fork through which caught in her brother's head above the right eye and tore the optic. The face was also badly lacerated. It was found that the sight of the eye was destroyed and the probably the eyeball will have to be removed to retain the sight of the left eye.

### TESTING THE ALKIN LAW.

Utica, Nov. 9.—Lewis B. Houck's deposition was taken yesterday by the defendants in the case of Bernard Weide vs. Charles C. Richardson, auditor of Hamilton county. This is the suit brought to test the validity of the Alkin law, and it is soon to be tried in the Superior court of Cincinnati. The plaintiffs seek to prove that the bill was never presented to the late Governor Pattison after it was passed. Senator Houck believes there can be no question but that the courts will sustain the Alkin law, as everything that was necessary was done by way of presenting the bill after it was passed, to Governor Pattison as contemplated by law and the constitution, was done.

He would have a powerful and important position in it. He did not take that course, however, and I don't see how he can become a candidate in the Democratic party again. The American people are always willing to forgive and forget. Hearst can do much good yet. His powers have a powerful influence and if he bends himself with good will and judgment on matters generally, he can accomplish much good. He must abandon his whole life of abuse of anyone and every thing and must confine himself to attacking in a clean way the abuses which he wants to assail. His past offenses will then be forgotten and forgiven. He could be of service to the organization. He must decide his course, however."

## NEWS BUDGET FROM GRANVILLE

### H. OTIS GREEN ORDAINED PASTOR OF BAPTIST CHURCH AT MT. GILEAD.

Mr. Sample Entertains—St. Luke's Services—Action of Denison Faculty.

### Granville, O., Nov. 9.—Many Granville people are interested in the ordination of Mr. H. Otis Green, of Mt. Gilead, Wednesday, where he is pastor of the flourishing Baptist church. Dr. E. W. Hunt, Rev. C. J. Rose, Rev. A. S. Carman and Rev. C. N. Harford of Granville, with Rev. C. M. Eddy of Coshocton, who was a college and seminary classmate of Mr. Green, went up to Mt. Gilead Wednesday, as members of the ordaining council. The sermon was preached by Dr. Hunt. The council was an unusually large and representative one, and Mr. Green passed a highly satisfactory examination. The church expects to erect a new edifice in the immediate future. Mr. Green took the first two years of his college course at Denison, finishing at Brown university with graduate and seminary work at Harvard, and at Rochester Theological seminary, being graduated from the last named institution in 1906.

After a business session in the parlors of the Presbyterian church on Tuesday, Mr. John Sample of Cleveland, gave an elaborate luncheon to the members of the session and their wives at the home of Mrs. Tight, on Broadway. At the conclusion of the luncheon, Mr. Sample spoke of his pleasure in having the brethren of the session and friends as his guests, and called on Rev. David Dempster for an address. Mr. Dempster in an impressive manner spoke of church and brotherhood and expressed his hearty appreciation of the cordial co-operation of both officers and members, and prayed that the pastor and people might more and more reflect the life and teachings of the Master.

Fred Hanway of Alexandria, who has been attending Denison university, has quit school and has been at his home for several days. He expects to accept a position in Toledo, and perhaps will resume his school duties at the opening of the next semester.

There will be services at St. Luke's Episcopal church next Sunday afternoon at 3 o'clock. This will be the commencement of regular services every Sunday instead of once a month as has been the case. The venerable Archdeacon McKenzie of Columbus, and the Rev. Mr. Davies of Kenyon college, Gambier, will conduct the services. Every one is cordially invited to attend, particularly those who are not members of the church.

Mr. T. Bell and family have moved to Newark, and his brother, B. C., formerly operator at Onville, has moved into his house on Granger street. Mr. Bell has rented the room formerly occupied by the Owens drug store and will conduct a boot and shoe business. A part of his stock of goods has arrived.

At a recent meeting of the faculty of Denison university the plan of non-pledging of preps agreed upon by the fraternities, was endorsed and action was taken to support the new policy. From this time no academy student may pledge himself to a college fraternity before June 1, immediately preceding his graduation from the Denison. The penalty is dismissal from the university. The rule is not retroactive.

Preaching services Sunday morning and evening at the Presbyterian church by Rev. D. Demaster. A special invitation to the public.

Dr. H. R. Hundley and wife have been at Onville, Pa. to attend the golden wedding of her parents.

Prof. C. L. Williams will leave this evening for the east and will speak at Princeton, Philadelphia and Onville, Pa. The latter place where he was pastor for nine years, he is coming to Granville. He will be absent for a week, and Dr. Hundley will have charge of his classes during his absence.

Mrs. Franklin W. Stevens, formerly Mrs. Mary A. Stevens, of the Sherrillson family, who has been visiting her parents, Mr. and Mrs. George W. Stevens of Granville, returned on Wednesday to Adrian, Mich., where her husband is pastor of the First Baptist church.

Captain Careless, Auditorium, Friday.

## LINGAFELTER TRIAL

(Continued from Page 1.)

dence, and it is probable that they feared that they would weaken their case by introducing testimony from their witnesses. We feel perfectly satisfied with the case just as it is, and feel that we have proven the charge conclusively."

The attorneys for Mrs. Lingafelter did not talk much when approached by the Advocate correspondent. Mr. Owen said that they felt reasonably sure that they would be as successful without the testimony of the defense's witnesses, considering the evidence offered by the state.

In all probability the case will go to the jury by 3 o'clock Friday. Counsel for both sides will be given two hours and 30 minutes for their arguments. As court has been called for 8 o'clock Friday morning, this will give both sides until 1:30 or 2 o'clock to finish, figuring an hour and a half for the noon hour. Judge Campbell will read his charge to the jury and the case will then be given into the jury's hands.

## COURT'S CHARGE

Delivered in Coshocton County Friday Afternoon in the Lingafelter Forgery Case.

Coshocton, O., Nov. 9.—Judge Robert M. Campbell at the conclusion of the arguments in Mrs. J. F. Lingafelter's forgery trial this afternoon, delivered an exhaustive and impartial charge to the jury. Judge Campbell said:

The grand jury in Licking county at the January term, 1906, returned an indictment against the defendant, charging her with the commission of the crime of forgery on or about March 19, 1900, in the forging a certain receipt for money, particularly described in the indictment to which you are referred for a full statement of the criminal charge preferred against her.

The return of an indictment creates no presumption of guilt, its office being simply to apprise a party of the nature of the offense alleged, as no man

can be prosecuted for a felony under our Constitution and laws without it. To this indictment, the defendant pleads not guilty, thus challenging the truthfulness of every essential allegation it contains, and casting upon the state the burden of proving all the elements constituting the crime of forgery, under our law, beyond all reasonable doubt.

Unless you are satisfied that the guilt of the defendant is established by this high degree of proof on the part of the state, you should not find her guilty.

The statute defining forgery, among other things, provides that "whoever aids, abets, or procures another to commit any offense, may be executed and punished as if he were the principal offender."

Hence, under this indictment, the defendant may be tried and found guilty or not guilty of aiding or abetting Robert C. Lingafelter in committing the crime of forgery. It is not beyond all reasonable doubt that Robert made out the receipt in question, and signed the name of Thos. Lloyd thereto without his knowledge or consent, and said act on the part of Robert C. Lingafelter was done with intent to defraud.

To justify you in returning a verdict of guilty, it devolves upon the state to prove beyond a reasonable doubt: First, That R. C. Lingafelter at or about the time stated in the indictment at the county of Licking and State of Ohio, made out and signed the name of Lloyd to the receipt, without the knowledge or consent of said Lloyd, and that he so made out said receipt and signed the name of Thos. Lloyd thereto with intent to defraud.

Second, That the defendant, Mary J. Lingafelter, aided or abetted Robert in the commission of the same.

No presumption of guilt arises from the finding of the indictment; but, on the contrary, the defendant is presumed innocent until her guilt is shown beyond a reasonable doubt.

This presumption is not a sham to protect a party charged with the commission of crime from the consequences of his or her criminal acts, but

a substantive, personal right, well recognized by law.

But when the evidence establishes guilt beyond all reasonable doubt it is no longer available as a defense and a verdict of guilty should be returned.

When a case is doubtful, this presumption of innocence may operate in favor of the defendant's acquittal.

To constitute the crime of forgery against Robert C. Lingafelter, the state must prove beyond reasonable doubt that Robert made out the receipt in question, and signed the name of Lloyd thereto, without his authority or consent. That this act was committed on or about March 19, 1900. That the forgery alleged against Robert C. Lingafelter was committed by him with intent to defraud.

It is not enough to find by the high degree of proof mentioned that the receipt in question was not made and executed by Lloyd at the time stated. You must also be satisfied that Robert C. Lingafelter committed the act of forgery, and that he did it with intent to defraud.

Criminally in cases of this kind consists in the intent, or purpose, with which the act is done, in connection with the act itself.

Forgery consists in falsely making or altering a paper writing to the prejudice of another's rights.

In this case, the alleged forgery consists in the falsely making, forging, and counterfeiting of a receipt, for the payment of money, with intent to defraud.

If you find from the evidence, that on or about the 19th day of March, 1900, Robert unlawfully forced the receipt described in the indictment, and you further find that he committed said act with intent to defraud, and that the same was done in Licking county, Ohio, you will find that Robert C. Lingafelter committed forgery in so doing and say so by your verdict.

You will first inquire whether or not the receipt described in the indictment is a forged receipt for money. If you find it is a forged receipt, did Robert C. Lingafelter falsely counterfeit the same? Though you may find the said receipt to be a forgery, if you fail to find beyond all reasonable doubt that Robert made out the same, and signed the name of Lloyd thereto, without authority you need inquire no further, and return a verdict of not guilty.

against the defendant.

Should you find, however, beyond all reasonable doubt, that the said receipt is a false and forged receipt for money, and that Robert Lingafelter made out the same, and signed the name of Lloyd to the same without his knowledge or authority you will pass to the consideration of the second material allegation constituting forgery: Whether or not Robert Lingafelter did falsely make, forge and counterfeit the same, with intent to defraud.

If you are satisfied from the evidence beyond all reasonable doubt, that Robert Lingafelter signed the name of Lloyd to the said receipt, without his knowledge or authority, with intent to defraud, such signing of said receipt would be a criminal act, and said receipt would be a false receipt.

Though you may find that Robert Lingafelter made out the receipt in question and signed the name of Lloyd thereto, without his authority, such act or acts, in and of themselves, are not sufficient proof of the intent to defraud.

It may be shown, however, by the act or acts of a similar character of the party charged with the criminal purpose or intent.

The guilty knowledge and intent of Robert Lingafelter in the commission of the alleged offense, as the state contends, are evidenced by other unlawful acts of his of a similar character, if you so find concurrent with the act charged in the indictment, or during the time of his employment with the company or association in question.

Testimony of other acts of Robert Lingafelter of the kind and character charged in the indictment, has been permitted, which you will consider on passing on the question of the guilty knowledge and intent of said Robert Lingafelter in committing the offense sought to be proven against him.

If you find that Robert Lingafelter committed other acts of a like character to that charged in the indictment, as claimed, such acts may be considered by you as tending to raise the presumption of guilty knowledge and intent, and presence in the mind of said Robert Lingafelter, at the time, of an intent to defraud.

This class of testimony is admissible as tending to raise the presumption that said Robert Lingafelter, in the commission of the forgery charged did the act with intent to defraud.

These other alleged forgeries of a similar or like character to the forgery charged in the indictment, and relied on by the state as tending to show guilty knowledge in the commission by said Robert Lingafelter of the forgery charged in the indictment, must also be proven beyond all reasonable doubt. If you find that any one or more of them is not proven, you will not consider such receipt in your investigation.

It is not necessarily essential in order to find the said Robert Lingafelter guilty of an intent to defraud, that he intended to defraud Thos. Lloyd whose name it is charged he forged as it appears on the receipt in question; but if some other person, company or association, who, or which might have been defrauded; and if shown by the evidence to our satisfaction, it is sufficient.

You must find that the paper writing alleged to have been forged was a receipt for the payment of money as charged in the indictment, and this essential apparent on the face of the paper.

If you find that Robert Lingafelter made and forged the receipt, as you have been instructed, with intent to defraud, and did falsely forge the name of Lloyd thereto it is immaterial who was defrauded thereby.

If you find that the said receipt was forged by Robert with intent to defraud, was it effectual in subserving the purpose intended, and was some company or association, named and appearing in the evidence, charged with the money appropriated for the payment of said receipt?

Testimony, other than facts within the knowledge of witnesses has been permitted, bearing on the question of the genuineness, or the contrary, of signatures to papers, certificates, orders and receipts offered in evidence, and which will be before you.

The testimony of expert witnesses should be considered by the jury in connection with all the other testimony in the case, and its weight determined by them.

Those who are not experts in hand writing are permitted to give their opinions in cases of this kind after they have satisfied the court of their familiarity of the writing of the party charged, and are able to say whether or not the signature, or signatures, in dispute are in the handwriting of such party.

Such testimony is before you in this case, and you will give it such weight as, in your judgment, it is entitled to.

The exhibits containing the signature in dispute, as well as the admittedly genuine signatures, and other handwriting of the defendant, will be submitted to you in your deliberations, which you will examine and scrutinize, in connection with all the other testimony in the case.

I have said that you must be satisfied "beyond all reasonable doubt," that Robert Lingafelter committed the forgery sought to be proven, before you will be justified in finding that he did commit the same.

This term is of great importance in every criminal trial, that you should possess a fair understanding of its meaning in passing to the consideration

of the case in your jury room. The evidence against said Robert must be sufficient to overcome the legal presumption of innocence, and clearly satisfy you that he committed forgery before you may find that he did commit it; and the same rule applies to the defendant as having aided and abetted him in so doing.

Our Supreme court many years ago, said upon this subject that, "A verdict of guilty can never be returned without convincing evidence."

"The law is too humane to demand a conviction while a rational doubt remains in the minds of the jury."

"You will be justified and required to consider a reasonable doubt as existing if the material facts, without which guilt cannot be established may fairly be recalled with innocence."

In human affairs absolute certainty is not always attainable.

"From the nature of things, reasonable certainty is all that can be attained on many subjects."

"When a full and candid consideration of the evidence produces a conviction of guilt, satisfies the mind to a reasonable certainty, a mere captious or ingenious, artificial doubt is of no avail."

"You will look then to all the evidence, and if that satisfies you of the defendant's guilt, you must say so."

"If you are not fully satisfied, but find that there are strong probabilities of guilt, your only safe course is to acquit."

While you must not convict the defendant on suspicion, or return a verdict against her upon the ground that possibly she may be guilty, you must not draw upon your imagination for such a reasonable doubt of her guilt as above defined.

A reasonable doubt, to be available, must be found inside the case, not outside, or beyond it. There must be such a want or failure of convincing proof of guilt, taking all the testimony together, that you can not conscientiously say by your verdict that the defendant is guilty of the offense charged.

This reasonable doubt is a honest uncertainty existing in the mind, after hearing and carefully and impartially weighing all the evidence in the case.

It is not a captious or visionary doubt, but one for which a substantial reason may be given.

The evidence must be such as to impress your minds with a clear and abiding conviction of guilt, or the defendant is entitled to an acquittal.

If you find from the evidence beyond all reasonable doubt that Robert Lingafelter committed the forgery of the receipt upon which the indictment against the defendant is predicated, and you further find that the defendant had knowledge of such criminal act, and aided said Robert in so doing, beyond a reasonable doubt, as you have been instructed, you will find her guilty and return your verdict accordingly.

To aid and abet means to render assistance and encouragement to the principal in the commission of a crime. More specifically, "aid" means to help, strengthen or assist, and "abet" means to encourage or assist in a criminal act.

If you find beyond a reasonable doubt that defendant, at or about the time of the commission of the forgery by Robert (if you find he did commit it, as I have instructed you) knew of its commission, and made false entries on the stub of the certificate issued to said Lloyd and upon the books of the Association, for the purpose of concealing such criminal act, and shielding him from criminal prosecution, or, if done for the purpose of preventing criminal investigation and consequent punishment of Robert for the crime of forgery, such act, or acts, on her part would constitute "aiding and abetting."

Under the foregoing instruction relative to the law by which you will be governed, it is for you to say whether or not the defendant committed the criminal act charged against her.

It is neither my duty nor inclination to deal with the facts of this case in these instructions. They are altogether for your consideration.

I ask you to consider and review carefully all the testimony introduced, remembering that to your judgment is committed a sacred trust, and your sworn obligation will not wholly be discharged unless you faithfully perform your duty.

Issues are determined not altogether or always by the number of witnesses appearing and giving their testimony, but by the character and quality of what they detail before you.

Consider the means each witness may have of knowing what he relates; his fairness; his interest; or want of it; his impartiality, or bias; from all these deduce your conclusions.

You are the judges of the weight to be given the testimony of all the witnesses, and the significance of every paper submitted.

You will take these instructions as the law by which you will be governed in passing on this case and coming to a conclusion.

As they are in writing, and you will have them with you, they cannot be changed or modified by the court during your deliberations.

If you find from the evidence that at or about the time alleged in the indictment, the said Robert made out and signed the receipt in question, without the knowledge or consent of

STATE NEWS

**Says Charge is False.**  
Columbus, O., Nov. 9.—The Sultana monument commission at the conclusion of a meeting held here, filed with the governor written charges alleging that W. E. Hughes, president of the Hughes Granite company of Clyde, O., attempted to bribe the members of the commission to award him the contract by offering to sell the members of the commission stock in the company at a fraction of its value, and to give a position in the concern to one of the commissioners. Hughes vigorously denied the charges, characterizing the statement that he attempted to bribe the commission as absolutely false.

**An Overworked Burglar.**  
Delaware, O., Nov. 9.—Evidently tired out by a night of prowling, a burglar, supposed to be the one who entered several houses, was discovered sound asleep in the dining room at the home of R. R. Riddle, with his plunder gathered about him in a heap. The discovery was made by Riddle when he came down stairs to light the kitchen stove. The involuntary exclamation which escaped him when he saw the sleeping burglar aroused the intruder, who in a wild dash from the house escaped, leaving the loot.

**Tried to Stop a Row.**  
Columbus Grove, O., Nov. 9.—Meredith Evans, 65, a farmer living near Vaughnsville, poured the contents of a shotgun into James Williams, former county infirmary director, when the latter attempted to quiet a disturbance in which Evans was mixed up. The shot penetrated the shoulder and breast of the former official, inflicting serious injuries. The men are neighbors.

**Suit to Cancel Charter.**  
Dayton, O., Nov. 9.—At the request of Attorney General Wade H. Ellis, prosecuting Attorney Nevins has brought quo warranto proceedings to test the Dayton Citizens' Electric company from its charter, on the ground that it is an illegal corporation. The company was incorporated Jan. 4, 1905, to engage in a trio of business enterprises—electric lighting, hot water and steam heating. It is claimed that the secretary of state had no authority to grant such charter, inasmuch as the supreme court has held that such corporations must be confined to one specific purpose.

**Knew It Was Loaded.**  
Fostoria, O., Nov. 9.—Charles Stainbrook, 16, aimed a shotgun at Robert McDaniel, 8. Next instant came the report and the child's left cheek was blown away, his jaw broken and other probably fatal injuries about the head inflicted. Stainbrook "knew the gun was loaded," but protests that he did not think it was "cocked." "I did not mean to do it," he cried. He is under arrest. The McDaniel boy will probably die.

**Two Trainmen Killed.**  
Greenville, O., Nov. 9.—Conductor James Wilson and Orin Risen, another trainman, were killed, and three others injured, as a result of a collision between a freight and wreck train on the Cincinnati Northern railroad at Rossburg, near here. The injured will recover. All the parties are from Van Wert.

**Woman's Bad Financing.**  
Columbus, O., Nov. 9.—Maude E. Jones was given a sentence of one year in the penitentiary after being convicted of obtaining money under false pretenses. It was proven that she bought a piano on the installment plan and the next day mortgaged it for \$100.

**Too Jubilant.**  
Marietta, O., Nov. 9.—William Butes, a farmer near here, became intoxicated while celebrating over the election, it is alleged, and while in that condition fired his barn and attempted to kill his wife. The barn was destroyed. Butes is in jail.

**Caught By Cave-In.**  
Lima, O., Nov. 9.—William Haddings, a sewer inspector in the employ of the city, was killed by the cave-in of a clay bank. He was in a trench when the clay slid and buried him under six feet of his heavy mass.

**Pioneer Missionary.**  
Hiram, O., Nov. 9.—A cablegram tells of the death of G. L. Wharton, a pioneer missionary. He was the first missionary sent by the Foreign Christian Missionary society to India 24 years ago. His family lives here.

Object to Being Left Out of O. & P. League and Give Good Reasons for Stand.  
Lancaster fans are objecting to the possibility of being left out of the O. P. league next season. A sport writer in Lancaster scores some of the larger cities that had to play benefit games and pays a compliment to Zanesville and Newark by saying those two cities were the only towns that Lancaster received more money from than they paid out to. His arguments for Lancaster are as follows:  
"In justice to the great number of legal fans in this community, I beg the favor of a little space among the many stories emanating from Youngstown regarding the redistribution of the O. P. circuit. In this connection I merely wish to state a few facts concerning the past season and ask a few questions of the redistricting committee of one from Youngstown.  
"It is an absolute fact that Lancaster, although having less than one-third the population of Youngstown, paid them more money for

their games here, than was received from this organization to July 1, much less at Youngstown. The same conditions, an entire season, prevailed in all towns of the league! One thing is certain—Lancaster, with two exceptions, Zanesville while they were members, and Newark, O. circuit, was not obliged to play benefit games in order to pay salaries, long as it freezes to its small change? As some of her more prosperous "Further, the constitution of the league provided for guarantees of \$75 per game for Saturdays and Sundays. This said the Sunday towns were obliged to pay. What did these Sunday towns receive? Seventy-five dollars for Saturday and a hole day at their own expense for Sunday. Yet these Sunday towns are the ones to be "dropped."  
"But how is this 'dropping' to be accomplished? We think that clubs operating under organized baseball, which have paid the assessments for protection, have some rights which should be respected.  
"How long would a league of this size flourish without Sunday games? The Saturday crowds in these days a week towns would not carry

Utica, Nov. 9.—The commission appointed by Presbytery to come to Utica and investigate the alleged misconduct of Rev. T. Boyd Gay, to ascertain whether or not charges should be made against him to Presbytery for trial, held its session here this week. The sworn testimony of a number of witnesses was taken, after which the commission sustained the action of the session of the Utica church, by announcing that charges against Mr. Gay had been found. Mr. Gay has been notified that a trial will be held in the church at Utica November 26th at 9 a. m.

Pastor Gay was accused last spring of peeping through certain windows in town about the retiring hour. At the first hearing when he was asked to resign no sworn testimony was taken, but the committee this week heard evidence under oath and decided to set formal trial for Nov. 26. Mr. Gay is said to be living in or near Bellaire, O.

My instructions were general and no person or persons were named. I have been working on the matter since receiving what may be called general instructions, and all that has been learned and everything in connection with the case will be placed in the grand jury's possession."
